

See what our students have to say!

“Instructors are very patient and go over things as many times as needed until they’re clearly understood. They have very good knowledge of topics like everyday work and good ethics. All team members are very friendly, and it is an accredited school. It will not be a waste of money and time.”

—Alex F.

“Altamont Healthcare offers an affordable option to a career in health care, FAST! I found this to be a challenging course but on point to exactly what I was trying to achieve! I love what I’m doing now, and I look forward to greater challenges as I grow in this field!”

—Laurie K.

“I am a graduate of Altamont Healthcare. I went through the Sterile Processing curriculum and externship. I am so grateful to the staff at Altamont. I am working full-time in my new career as a Sterile Processing Technician.”

—Dafina E.

“Highly recommend this school to anyone looking to start a new career.”

—Salina G.

“My experience with the school was very good. The instructor I had was very straightforward, and I learned a lot about the sterile processing field. My externship went smoothly and was helpful.”

—Pheej M

Fast, Flexible & Affordable Healthcare Education!

Altamont Healthcare is a family-owned school committed to offering a top-quality education at a price that fits any budget. Through our dedication to our students, we have become one of the highest-rated trade schools in California.

If you're looking to kickstart your career in the healthcare field, we offer a variety of programs designed to help you reach your goals faster!

Sterile Processing and Distribution Technician (SPDT)

Course Duration: 115 hours
Externship Duration: 240-400 hours
Enrollment Cost: \$610
Tuition Cost: Visit our website*

Learn the skills you need to begin a rewarding career in the healthcare industry, where you'll be responsible for cleaning, sterilizing, storing, and distributing medical equipment.

Endoscope Reprocessing Technician (ERT)

Course Duration: 30 hours
Enrollment Cost: \$400
Tuition: Visit our website*

Get a combination of classroom instruction and hands-on training to become certified in the sterilization, care, and maintenance of different types of endoscopes.

Electrocardiogram Technician (EKG)

Course Duration: 100 hours
Externship Duration: 240-400 hours
Enrollment Cost: \$610
Tuition Cost: Visit our website*

This accelerated program will get you ready to transition into a career in less than 3 months, where you will operate and read electrocardiogram machines while performing various tests on patients.

Tech in Surgery (TS-C) AKA Surg Tech

Course Duration: 500 hours (~8 months)
Externship Duration: 300 hours (3-4 months)
Enrollment Cost: \$2,050
Tuition Cost: Visit our website*

This course will prepare you to assist surgeons, registered nurses, and anesthesiologists in the operating room. Some of the tasks you will perform include handing instruments, setting up and maintaining a sterile field, and operating powered surgical equipment.
